Old, but hilarious.. Awsome game whith awsome price.. Bang,bang and do that for about 40 minutes ish. Fun interesting little platformer.. You get to have Doctor Fetus use Bandage Girl as a beat reflector. 10V10. this is my life. Maaaan you really had me in a roguelike mood but the bugs and the grinding chipped away at my patience. Here you beat a boss, now do 10-15 more runs before you can even see the door to the next one. No thanks.

Points for making an enemy out of that balancing plastic eagle I had as a kid.. Same game from Rugby Challenge 1, absolute rubbish. Sadly it's the only Rugby Union game we have. Gameplay isn't great and the Graphics are awful for a 2016 released game...

Cute and colourful DLC, quite short but its not an issue for me. Still cheap price for dlc and got a few hours out of it.. O jogo é perfeito no seu estilo, muito tiro, muita ação, muita variedade de movimentos, o X que é a arma especial do jogo isso é tudo de bom no jogo, mas eu acho que poderia ser controlado com o mouse, ou pelo menos deixar você escolher as teclas para movimentar o herói do jogo, mas nisso fica devendo, quem sabe os desenvolvedores possam implementar isso e aí para mim fica perfeito sem kontras.. "Great game 10/10" IGN. The DLC is high quality, but is extremely unbalanced. they are not a fun addition to the campaign map when playing with any other faction. Honestly its the first addition I wish CA didnt make for this game.... Well actually this game is still growing up but even tho it has a lots of bugs and glitches i believe that this game will improve.Good Luck!. Its got great qualities and ideas , im sure the final product will be great played it for about half an hour sometimes it wont connect a server or you get bugged and have reload but what do you expect in early access, i will keep this in my library and not refund looking forward to an update soon gg.
